

The Board of Directors for East Canyon Resort has the duty to oversee the total operation of the Resort. We meet on a regular basis to review the financial reports, discuss any problems or needs that Management may have, approve any Capital Projects that need to be done, set the amount of the maintenance fee and replacement fund, hold an annual meeting and attend other committee meetings as assigned. There is no pay for the work we do; it is done for the love of the Resort. We enjoy volunteering for the Chuck Wagon breakfasts, working elbow to elbow with members on Member Work Days, and serving as Chairmen or members on the various committees which are Finance, Rules & IT, Hospitality & Facilities, Outdoors, Water Rights and Restaurant. Our doors are always open to members including our Board and committee meetings and we would love to hear from you.
